

AHPA Guidance Policy

AHPA develops guidance policies to promote responsible commerce in herbal supplements. These policies address a variety of labeling and manufacturing issues and reflect the consensus of AHPA's members and its board of trustees. AHPA encourages its members and non-member companies to adopt these policies to establish consistent and informed trade practices.

Standardized Information on Dietary Ingredients (SIDI) (adopted July 2007)

AHPA recommends that its members who buy and sell dietary ingredients use the Standardized Information on Dietary Ingredients (SIDI) protocol as a standard reporting form for providing information about these ingredients.
